Radio Notes: On page 20 within this Iguana you will find program listings or links to WUFT, WGOT, and Grow Radio, our local non-corporate stations. Both WGOT and Grow radio are streamed on the internet, but with luck may emerge into over-the-air broadcast. WGOT is a shared over-the-air signal with two churches, so it is not always on. WUFT-FM is, of course, our NPR affiliate.

On the music side of things, those on the east side or with antennas might appreciate the music on Jacksonville's public radio station at 89.9 FM, ranging from acoustic to electronic, jazz and blues, in an eclectic and pleasant mix in the evenings and night.

LISTEN TO AND SUPPORT COMMUNITY RADIO!
